**Cancer Center Zürich**  
**Symposium on Brain Metastases**  

Friday, January 19th, 2018  
10.30 – 17.30 h  
Grosser Hörsaal Ost, HOER B 10  
University Hospital Zurich
Dear colleagues

The diagnosis and treatment of brain metastases in patients with malignancies has become a topic of great importance. The major reasons for this are the increasing frequency of their detection, partly due to better and earlier CNS imaging, and their increasing prevalence due to the improvement of survival of patients with advanced disease with the advents of personalized, targeted therapy and immunotherapy.

We invite you to take part in our Symposium on Brain Metastases to familiarize yourself with the current and future diagnostic and therapeutic developments and to define, together with our faculty, the optimal approach to patients with brain metastases.

Prof. Dr. Rolf Stahel  Prof. Dr. Michael Weller  
Chair    Deputy Chair  
Cancer Center Zürich   Cancer Center Zürich

<tbody>
<tr>
<td>10.30 h</td>
<td>Welcome – Jürg Hodler</td>
</tr>
</tbody>
</table>
| 10.40 h| **Presentation, diagnosis and local therapy**  
Chairs: Patrick Roth, Rolf Stahel  
Brain metastases as first presentation of malignancy: diagnostic and therapeutic strategies  
– Michael Weller  
Imaging – Christoph Stippich  
Neurosurgery – Luca Regli  
Pathology including immunohistochemistry – Elisabeth Rushing  
Molecular diagnostics, including liquid biopsy – Peter Wild  
Radiotherapy – Nicolaus Andratschke |
| 13.00 h| Lunch |
| 13.45 h| **Disease-oriented approaches 1**  
Chairs: Daniel Fink, Tullio Sulser  
Lung cancer – Rolf Stahel  
Breast cancer – Manmeet Ahluwalia  
Urological cancers – Jörg Beyer |
| 15.00 h| **Disease-oriented approaches 2**  
Chairs: Markus Manz, Reinhard Dummer  
Melanoma – Reinhard Dummer  
Hematologic malignancies – Markus Manz |
| 15.50 h| Break |
| 16.10 h| **Guidelines**  
Chairs: Matthias Guckenberger, Michael Weller  
Anticonvulsive therapy – Roberta Rudà  
EANO brain metastases guideline – Riccardo Soffietti  
EANO ESMO leptomeningeal metastasis guideline – Emilie Le Rhun  
Research opportunities in brain and leptomeningeal metastasis – Roundtable |
| 17.30 h| Adjourn |
